

St. Michael's - the future at Oak Cottage

^ Bryanston Rd entrance to vicarage

GROWTH

IT IS HOPED THAT OAK COTTAGE WILL PROVIDE ST. MICHAEL'S WITH A NEW VICARAGE AND CHAPEL BY SEPTEMBER 1992

WHAT DOES OAK COTTAGE HAVE TO OFFER?

THE VICARAGE

- Will be larger and, most importantly, will have a downstairs study big enough for the vicar to see people and to operate the business-side of his work effectively.

THE CHAPEL

- Will be about the same size as the present one at St. Michael's House
- Will have a MEETING ROOM and KITCHEN and CLOAKROOM upstairs. This greatly increases the number and range of activities that can take place at St. Michael's.

View from back garden: The proposed chapel & meeting room are the two 'sections' on the left.

FELLOWSHIP

FELLOWSHIP

OAK COTTAGE PRESENTS EXCITING OPPORTUNITIES FOR US TO WORK TOGETHER AND TO ENRICH OUR IDENTITY - THE WAY WE SEE OURSELVES AS A CHURCH AND HOW WE ARE SEEN AS A PRESENCE FOR GOD IN THE COMMUNITY.

WORKING TOGETHER

The photographs show the present neglected state of the house and garden. Over the next months we can enjoy each other's fellowship working together towards a common goal. We will need decorators, gardeners, cleaners, labourers so... Pick a team and make Oak Cottage part of St. Michael's future!
